

Letter of Appreciation

Dear Rishita Mehta,

As your time as a core member of the Social Team comes to a close, we want to celebrate everything you have contributed. From day one, your energy, dedication, and passion have inspired everyone to give their best.

You were more than a member, you were a mentor, a motivator, and a friend. Every challenge you tackled, every project you guided, and every idea you nurtured has shaped our team into something truly special. Your guidance helped us all grow, take ownership of our work, and perform at our best.

More than the work itself, it is the culture of collaboration, curiosity and resilience you created that will live on. Your contributions have left a lasting mark on the Social Team and the club.

Thank you for your time, heart, and creativity. Your legacy will continue to inspire everyone who follows.

With sincere gratitude,
